VICTIMS OF LEPROSY.

It is Estimated That One Thousand
Cases Are in Existence.

MOST FROM ABROAD.

Hundreds Are Found Among Immigrants to This Country—Recommendations To Be Made to Congress to Stop It.

Washington, July 11.—The surgeon general of the marine hospital service is about ready to publish the results thus far obtained in the attempt to enumerate the known cases of leprosy in the United States, though the returns are not complete. But sufficient material has already been secured by the experts who have been investigating for the last 10 years to indicate that there are at least 1000 lepers in this country, most of them immigrants from abroad and to warrant strong recommendations to congress for their segregation.

The commission, consisting of Surgeon J. H. White, chairman and Past Assistant Surgeon G. T. Vaughan and M. J. Rosenau, have been working under congressional authority since 1899. They sent circular letters to physicians, health officers, hospital superintendents and others in 600 localities, covering the entire country, asking for reports and information regarding leprosy patients. Eight thousand circulars have been sent out and only 2000 replies have been received. From these 277 lepers have been located and their names and addresses obtained.

About 100 are known to live in New Orleans, many of whom are well to do persons of good families. In New York seven cases have been reported. In San Francisco 15 cases are known, 12 are confined in the posthouse. Owing to the fact that three-fourths of the circulars have brought no replies, especially from suspicious districts, the authorities estimate that only about one-fourth of the cases of leprosy have been reported.

The commission will almost certainly recommend to congress in its forthcoming preliminary report that national laboratories be established in several parts of the country, perhaps one at New Orleans, one in New York and another in Minnesota or Montana.

Ohio Democrats.

Columbus, O., July 11.—The Democratic state convention was brought to a close here Wednesday afternoon. The platform was drawn to the satisfaction of all factions.

The full ticket nominated is as follows:

Governor—James Kilbourne.

Lieutenant governor—Anthony Howells.

Judge supreme court—Joseph Hidy.

Clerk of supreme court—Harry R. Young.

Attorney general—M. B. McCarty.

Treasurer—R. P. Alshire.

Member of public works—James R. Holtman.

The platform is lengthy and covers every known public subject.

Threshing Machine Burned.

Rushville, Ills., July 11.—Henry Stuke of the firm of Stuke Bros., who operate two threshing machines, was fatally injured in a runaway, 12 miles northwest of this city. When the runaway occurred all of the men about the machine ran to his assistance. During their absence the machine caught fire and was consumed; besides four wagons and 300 bushels of wheat. A separator owned by Hodge Bros. and another by George Black were also burned.

Rev. Sheldon on a New Tack.

Cincinnati, July 11.—Rev. Charles M. Sheldon of Topeka, who published a paper in that city as he "thought Jesus Christ would publish news," who was here attending the Christian Endeavor convention, declared at the Grand hotel his intention of going from Cincinnati to Chicago to study life in the slums, and divine if possible, what Jesus would do if he lived in the slums there, preparatory to writing a book on "Slum Life and Its Remedy."

Cash Bonus for a Steel Mill.

Kokomo, Ind., July 11.—Kokomo has raised a cash bonus that secured the location of one of the largest steel rod and nail mills in America in this city. The company incorporated with a capital of \$1,500,000 and will work 1000 men. The company pledged itself to operate outside the trust for five years. The plant will cover 15 acres of ground.

Negro Convict Assassinated.

Cuero, Tex., July 11.—Doom Edwards, a negro county convict, was assassinated Tuesday night. He was sitting at his window when some one emptied a load of buckshot into his head, killing him instantly. A negro preacher and a woman have been arrested.

Two Prisoners Escaped.

Taylor, Tex., July 11.—Two prisoners confined in the jail here made their escape by sawing through the bars of their

supported one of the doors. One of them was wanted at Marlin for burglary.

NEWS IN BRIEF.

Kansas, in 20 years, has produced 712,487,558 bushels of wheat—a yearly average of 35,634,387—with a total value of \$423,088,183.

Wellington, Kas., has taxed liquor-selling drug store \$1200 a year.

A brass band composed of girls only has been organized at Effingham, Kas.

CROPS IN TEXAS.

Special Statistician's Estimate of Cotton, Corn and Other Crops.

Fort Worth, Tex., July 11.—Oswald Wilson, special statistician of the agricultural department, who has compiled the crop statistics of Texas, furnishes the department estimates for the present season at 3,150,000 bales; value \$139,500,000, tons of seed estimated at 1,500,000; tons of oil 37,000,000, valued at \$12,653,000.

Wheat last year was 23,395,912 bushels, valued at \$14,973,384.

Corn last year 4,558,895 acres, 81,963,210 bushels, valued at \$38,522,588.

Rice this year is estimated at 25,000 acres, 1,250,000 barrels, value \$3,750,000.

The total acreage of grain and cotton is placed at 14,060,712, valued at \$209,453,481.

It is estimated the acreage of fruits, vegetables, tobacco, sugar and other products at 10,000,000, valued at \$25,000,000.

The value of farm animals is placed at \$58,732,338.

CHASING ROBBERS.

It is Reported They Are Surrounded on People's Creek Near Helena.

Helena, Mont., July 11.—Reports have reached here that the Great Northern express robbers have been surrounded on People's creek, south of the Little Rockies, with seven men guarding them awaiting the arrival of Sheriff Griffith, who is on his way with a posse of 40 men. It is known the robbers crossed the Missouri river not far from Peck Agency, Mont., on Monday evening and that they were riding fresh horses secured either from relays provided in advance or by theft from the ranges which they passed. From the vicinity of Belknap Agency they headed south and are in a section of country where they can make good time. This information indicates the robbers have some other haven in sight than the "Hole in the Wall" country, having gotten far east of that section.

Sheriff Benner of Great Falls, has also organized a posse to assist Sheriff Griffith.

TRIALS AT MANILA.

Lieutenant Brown Being Tried for Murdering a Native.

Manila, July 11.—The trial of Lieut. Brown, Second infantry, charged with murdering near Binangonan, a native suspected of the responsibility in death of a soldier, has begun here. The soldier referred to was drowned while a detachment of the Second infantry was swimming a river under fire. Brown at the time of the occurrence, questioned a native and the latter bolted, whereupon Brown shot him.

Captain Francis H. Fremont, also of the Second infantry is being tried for striking a soldier. The court has requested that witnesses now in Washington be ordered here to testify.

As an outgrowth of ill feeling existing in some quarters it developed recently that H. Phelps Whitemarsh, governor of Bengal, (who has been ordered here, have certain charges against him to be investigated) had a physical encounter with Secretary Otto Scherer of the province, who disapproved of the governor's administration.

Chinese Troops Defeated.

New York, June 11.—A dispatch from Pekin says that the imperial troops under General Lu Pen Yuen have been defeated by the allied villagers society at Atchichon, 40 miles southeast of Pao Ting Fu. The magistrate of the district has arrived at Pekin and has asked Li Hung Chang to dispatch a 1000 reinforcements under Colonel Chiagn from Lechien Fu, where there are 2000 Shan Tung troops waiting the permission of the allies to come to Pekin.

The French, who stopped these troops at Lechien Fu some weeks ago, have now agreed that they can enter any of the districts in the province of Chi Li.

Five Men Badly Injured.

Kokoma, Ind., July 11.—The breaking of a glass at the Plate Glass works here Wednesday night inflicted frightful injuries on 5 of 10 men who were carrying the sheet upright from annealing over to the grinding table. The plate measured 122 by 190 inches and weighed 2300 pounds broke and came showering down on the heads and shoulders of the workmen. The victims' scalps were badly cut and the flesh literally scraped from the bones of their shoulders and arms. All five will lose their arms if not their lives.

Pension for Fillmore.

San Francisco, July 11.—It is said J. A. Fillmore, who has just resigned the position of general manager of the re-

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

FRIDAY, JULY 12, 1901.

On June 30th the state had on hand 4014 convicts.

The Leon county fair will be held at Marquez Oct. 2 and 3.

With Wooten in congress the octopus will have to watch out some more. Trusts are his long suit.

The Huntsville business league has planned to give a big barbecue and tournament on Thursday, July 25.

At Joshua, Johnson county, fire destroyed every business house in town. There were fourteen of them. Total loss, with no insurance, \$28,900.

If somebody would scuttle the Shamrocks and blow up the cup defenders on this side of the water the majority of newspaper readers would vote him a medal.

The tax question is a red hot issue in the Ohio campaign. In his speech before the democratic state convention Charles P. Salen charged that five hundred million dollars worth of railroad property in that state unjustly escapes taxation.

The Ohio democrats nominated James Kilbourne for governor and declared for municipal reform, equitable taxation, retrenchment in state affairs, tariff reform, trust reform, a merchant marine without subsidies for ship owners, against subject colonies, imperialism and centralization, condemned sympathy of the government with the British in South Africa, indorsed the Monroe doctrine, favored the election of the United States senators by a direct vote of the people, declared for civil service, pledged efforts to relieve the burdens of labor and condemned boss rule and corruption. No mention was made of either of the national platforms. The contest between the Johnson and McLean forces seems to have resulted in a sort of a dog fall.

After a week's session and 4046 ballots the democrats nominated Dudley G. Wooten for congress. In the opinion of the Eagle the difficult situation was sifted down to the best possible result—the ablest and most available man chosen. Mr. Wooten is brilliant, brainy, highly educated and has a grasp of public questions that will make him useful from the beginning.

The Ohio democrats did themselves no credit by trifling upon Bryan's picture. He is great man and a christian gentleman who has attained to heights of which such political rabble as would now offer him an insult have not dreamed, and although not available as a standard bearer again, the lustre of his name and character are undimmed by defeat.

John A. Caplen of Navasota, who is interested in oil lands in Grimes county, has on exhibition in his office a lamp made from a whisky flask, with a rope wick, which contains crude oil just as it comes out of the earth taken from a well in that county. When lit it is said that this oil burns like the best illuminating oil.

A Navasota dispatch says Lon Holliday and P. K. Lott have filed suit against the Lamb Springs oil company for possession of 640 acres of what is said to be very valuable oil land.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

Competitive Examination.

Dr. J. L. Fountain, representative from the 55th district, gives notice that competitive examinations will be held in Bryan Friday, July 26, open to persons of good moral character desiring the appointment from Brazos county to the San Houston Normal Institute (white) and Prairie View Normal school (colored) the appointments to go to those making the highest averages.

S. M. Derden.

ANOTHER COMBINE.

Company to Increase its Capital Stock to Buy and Build Mills.

New York, July 11.—A special meeting of the stockholders of the Virginia-Carolina Chemical company has been called for the near future at Jersey City to act upon a resolution of the directors providing for an increase of \$26,000,000 in the authorized capital of that corporation, thus making the total capital \$50,000,000. This action is a result of the current plans adopted in securing cotton oil properties with a view to securing supplies of cotton seed meal from which ammoniates are derived.

A circular sent to the stockholders by the directors set forth that the company has been figuring a long time on some plan by which it could secure the ammoniates, of which it consumes about \$2,000,000 worth annually, in the most economical manner. It is pointed out that the quantity of ammoniates alone would justify the company in going into the cotton seed oil business, but aside from that it is, when properly conducted, intrinsically profitable business and would have the further advantage of placing the company more closely in touch with the fertilizer trade.

It is for the purpose of buying up established cotton mills, or establishing new ones, that the capital stock of the company is to be increased to \$50,000,000.

The United Cotton Oil company has recently incorporated under New Jersey laws with \$12,000,000 capital stock. Presumably this concern will be turned over to the Virginia-Carolina Chemical company.

The cotton oil plants, which so far as is known, have been acquired by the Virginia-Carolina Chemical company include the Southern Cotton Oil company, a \$2,000,000 concern; the Atlantic Refining company and the Interstate Refining company. Several crude oil mills are also said to have been purchased. It is also understood that the company has options on several other concerns, but formal announcement of purchase has not been made.

Great Damage from Cloudburst.

Helena, Mont., July 11.—Debris is piled everywhere, in a gulch which is located at Wickes and Corbin by the cloudburst. Great damage to property was done by the torrent of water which poured down the narrow valley. A wave six feet high and 200 feet wide swept down the gulch. It practically demolished the Northern Pacific tracks and bridges. At several points great sections of rails and ties were picked up from the roadbed and bent and twisted into a mass of debris. It is impossible to estimate the loss at present.

San Antonio Oil Field Tested.

San Antonio, July 11.—Benjamin F. Hill, state geologist, spent sometime looking over the oil field here, and after finishing the Duling, Walsch, San Antonio Oil company and Howard wells from all of which he took samples of oil for analysis, he gave it as his opinion that field will develop into a great one. He considered the signs to be found in all wells so far bored and the free oil found in springs indicative of a widely extended field probably 50 miles long by as many miles in width.

Attacked by a Wildcat.

Middlesborough, Ky., July 11.—Miss Mary Sunler, a pretty Bell county girl, had a thrilling fight for her life on Taggart's creek. While riding through a narrow part of the road a wildcat dropped from an overhanging tree and knocked her off her horse. His mate joined in the fight and there was a terrible struggle until the girl's screams brought assistance. Her side and shoulder were horribly lacerated and it is thought that she will survive, although very weak from loss of blood.

Refuses to divulge his name.

Wenona, Ill., July 11.—On the night of July 3 a stranger shot Max Nacci and John and Charles Schoa with a double-barreled shotgun charged with buckshot at Toluca. Nacci died in a street hospital Sunday. The assassin, who refused to divulge his name, was captured at Rutland Tuesday night and taken to Toluca. The infuriated miners talked lynching so strongly that he was at once hustled to the jail at Lacon. The wounds of the Schoa brothers are very serious.

Will Try Once More.

Niagara Falls, N. Y., July 11.—Carlysle D. Graham, who has made four trips through the wild waters of the Niagara gorge in a barrel of his own construction and who is recognized as the "hero of Niagara," announces that on Sunday next he will once more bathe with the waters that knocked the life out of Webb and Flack in their attempt to win notoriety in the rapids.

Girls Save a Train.

Logansport, Ind., July 11.—Two girls, Edna Keener, aged 18, and Emma Turnbaugh, aged 16, saved the fast express on the Louisville division of the Pennsylvania Railroad from being wrecked. They discovered a trestle burning and signalled the engineer with their bonnets. Passengers showed their gratitude by making up a purse for the girls.

Dog Catcher Sentenced.

St. Joseph, Mo., July 11.—John Kennedy of Kansas City, who for the past six months has been one of the official dog catchers of this city, was given a sentence of two years' sentence in the penitentiary for assaulting the owner of a dog. His brother Frank of Kansas City, was given the same sentence.

Spanish Mail Steamer Ashore.

Oporto, Portugal, July 11.—The Spanish mail steamer Mexico, from Buenos Ayres, is ashore south of Vian. Passengers and crew are being landed.

Fifty-seven cents per day per each to San Francisco via 'The Denver Road'

This mere pittance also includes lodging in Denver over Saturday and Sunday. You see, it's like this—having noticed a fondness for tourist sleepers with many figured on the Epworth League Excursion, "THE DENVER ROAD" offers such accommodations to all wishing them. On Friday, July 12th, following the Dallas State Convention, we will operate Special Pullman Tourist Equipment, to be run through to Frisco, stopping in Denver Saturday and Sunday, reaching San Francisco Wednesday afternoon, July 17th. The cost is but \$6.00 for double berth, including the Denver stop, and the through rate, not covering stop-over, is \$4.50 for double berth, \$10 less than standard Pullman rate (and double berths hold two people, you know). The party will be personally conducted, making a bee line for Colorado and the Rockies, which will be constantly in sight after the first night; and will pass enroute, Spanish Peaks, Colorado Springs, Denver, Manitou, Ute Pass, "Over Pike's Peak," Cripple Creek, Lake George, Buena Vista, Leadville, Hagerman Pass, Hell Gate, Glenwood Springs—in short, the wildest and best scenery in Colorado traversed by any transcontinental line; then on past Castle Gate and Soldier Summit to Salt Lake City (direct line, side trip unnecessary), through the wonders and beauties of Utah, via Ogdon, the Desert and the Sierra Nevadas to Frisco. W. F. STERLEY, A. A. GLISSON, CHARLES L. HULL, A. G. P. A. G. P. D. T. P. A. FORT WORTH, TEXAS.

Judge W. J. Moore was here from the Brazos bottom yesterday and seemed well pleased with his crop prospects.

Rev. Jewell Howard requests the Eagle to announce that he will preach at the Christian church morning and night Sunday.

Capt. J. J. Adams, Judge A. G. Board, John M. Lawrence, Geo. W. McMichael, R. M. Nall and M. Nangle left for Millican yesterday afternoon to attend a fish fry.

Stop and Think a Minute.

Somet mes the proper thing to do
Doe not appear to me and you,
But our acts we'll never have to rue
If we stop and think a minute.

Our worst mistake quite often could
Averted be—and so they should,
They need not happen if we would
But stop and think a minute.

Perhaps sometimes you'll think you've bought
Much better goods elsewhere you sought.
But after all you'll find you've not
If you stop and think a minute.

STOP A MINUTE

BURL... NORWOOD.

The A. O. U. W. grand lodge officers here examining the books and accounts of Grand Recorder Joe B. Reed, completed their labors and left for their homes yesterday, having found everything correct and in first-class shape. This jurisdiction and the order at large are in a prosperous condition, having made a net gain of 50,000 members during the past twelve months, the gain in this jurisdiction being proportionate. The order at large now numbers 425,000 members.

A merry fishing party consisting of Hill Willson and wife, W. A. Withers and wife, C. A. Harris and wife, W. R. Johnston and wife, Misses Maud Pruitt, Mattie Peverly, Daisy Astin, and Messrs. Will R. Thomas and John Ette spent Wednesday fishing on the Little Brazos. They caught about fifty pounds of fish (so they say), and had lots of fun. Some of the gentlemen showed the reporter some interesting snap shot views taken while out.

Alex Ewing was in from the Brazos bottom yesterday and said he thought he had about gotten the best of the boll weevils, but that he intends to poison once more. He says that the cotton has been shedding a good many squares on account of the dry weather and that in picking them up lately he notes that only about one in ten has a worm in it. This is a hopeful sign if the condition prevails generally.

R. L. McCormick, J. L. Pendar, Walter McIver, Ben Powers and family, T. J. Ed and Will Dowell, Chap Denman, Albert, Oliver and Wiley Taylor, G. W. Rosier, Bill Duncan, John and W. B. Denman, W. H. Griffin and family, A. J. Burnett, Sud Waters, W. A. Gustavus, C. A. Searcy, Ed McWhorter and others have been here the past two days from Madison county.

The Eagle has received a program of the confederate reunion to be held at Patrick Springs, Leon county, July 24, 25 and 26. The program embraces many interesting features, together with the announcement that there will be accommodations on the ground for both man and beast. All campers are requested to be on the grounds by the night of the 24th.

Hall's drug store and Dean Hearn's jewelry establishment have been moved in the building formerly occupied by H. S. Jenkins' Candy Kitchen, Mr. Jenkins moving to the building they formerly occupied. All parties are now comfortably situated and ready to serve their friends and the public.

LOST—A black silk umbrella with steel rod and handsome crooked knotted handle. Was left hanging in rack of a coach of Rockdale excursion train and left in the car after train reached Bryan. Reward for return to Eagle office.

The D. O. C. will serve cake and cream at the residence of Mrs. Spencer Ford, Friday afternoon from 5 to 9. Everybody invited. 84tf

When you want to cool off and enjoy life seek your favorite resort and call for Falstaff bottle beer. 84tf

Just received fresh shipment Huyler's fine candies at McDougald's Drug Store. 84tf

Fresh bread and cakes made to order at E. Grieser's City Bakery. tf

There are now about fifty teachers in attendance at the Bryan Normal, which is well organized and getting under good headway. Prof. C. P. Fountain delivered an able lecture on English Yesterday morning.

Dean Hearn has fitted up an optical parlor at his new establishment, where he has every advantage for testing eyesight and fitting glasses.

Cool coats for these hot days in Serges, Mohairs, Sicilians, Alpacas and wash materials from 75c to \$5.00 each at Parks & Waldrop. 91

Judge W. J. Moore, a former citizen of Brazos county, who now resides at Middleton, Leon county, was in Bryan yesterday.

Three hundred yards of taffeta 25 to 27 inches wide is on sale at Norwood's at 75, 85 and 98 cents per yard. 198

LOST—One small black Jersey cow, about 3 years old. Reward for information. A. M. Rhodes. d89w1t

FOR SALE.

A pair of large draft horses. Any person desiring to buy call or address J. W. Thomason at postoffice, Bryan, Texas. d193

RUSH AT EL RENO.

Twenty Thousand Persons There to Take up Thirteen Thousand Farms.

El Reno, O. T., July 11.—Following the proclamation of President McKinley opening up to settlement by the whites the 13,000 farms in the Kiowa-Comanche country the first registration of homeseekers was made here and at Lawton at 9 o'clock yesterday morning. Hundreds were lined about the booths when darkness came last night and the registration will continue until every one has been heard. The rush will not commence until July 29 and then not one-fifth of the applicants will have been taken care of.

The lottery scheme robbed the "opening" of the picturesque run and the exciting times incident to the great opening of the Cherokee strip 10 years ago. Compared with that event the affair today was tame. Considering that there were perhaps 20,000 people in town, comparatively little disorder prevailed.

Hundreds of people slept in the streets and alleys to maintain their places in lines which began forming Tuesday at six registration booths. The crowd at each booth elected a captain and each woman in line was given a number which they pinned on their clothing. As the hour of 9 o'clock neared, men tried to push in and break the numerical order of the line organization. This instantly raised bad blood and when word was passed down the line a little that the booth officials would not recognize the line organization but would register the first person who presented himself. Trouble was prevented by the early announcement that the line organization would be respected by the government officials. Cheering and waving of hats greeted this word and from this time forth no trouble was apparent. Applicants were admitted to the booths four at a time and the filing proceeded rapidly all day long.

During Wednesday the heat became intense but no suffering was reported. The women were treated gallantly by the men in line who shield them from the sun's rays with umbrellas and gave them water. The place named in the proclamation as Lawton is 25 miles west of here and similar scenes were witnessed there.

The total registration of homesteads at El Reno is 4018, 193 being women. Assistant Commissioner Richards has established a separate registration booth for women. Mr. Richards said he can register 8000 daily from now on, or as soon as the organization of his force is perfected.

TWENTY ARE DEAD.

Terrible Wreck Between a Passenger and a Freight.

WRECKAGE BURNED.

Six Persons Killed Outright, Four Died on the Train and Six in the Hospital—Several Persons Were Severely Injured.

Kansas City, July 11.—Up to 10:30 o'clock this morning two more victims of Wednesday's collision on the Chicago and Alton railroad near Norton, Mo., had succumbed to their injuries, making the total number of dead 20. These two were Mrs. Dr. J. D. Adsit of Hooperston, Ills., and Mrs. Lydia Hay-slip of Chicago.

Leslie F. Coleburn of Pawpaw, Mich., Miss Lottie Stiles of Hornellsville, N. Y., and Mrs. C. W. Snyder of Jasper, Ills., are in a very precarious condition and may die any moment.

Dr. Adsit, Prof. S. A. D. Harry of Hooperston, Ills., and L. C. Bray of Chicago are still suffering seriously and their condition has not yet been definitely determined. Most of those injured are resting easily.

Five victims are unidentified. The woman who was at first supposed to be the daughter of Mrs. B. J. Curtis of Genesee, N. Y., who was killed, was about 23 years old. She had dark hair and brown eyes. The only article to aid identification was a garter marked "California."

Another is believed to be a Mr. Jones of Chicago, aged 45 or 50 years, sandy mustache, light hair, weighing 200 pounds.

Another is that of a woman about 60 years of age, upper false teeth and had several moles on her neck and hip.

The other two unidentified are men about 40 years old. The body of one was horribly mutilated, an arm and leg missing and shoulders and head were crushed.

Kansas City, July 11.—Sixteen persons are dead two probably fatally injured and a large number of others were less seriously hurt as a result of a head on collision between the passenger and a fast livestock train on the Chicago and Alton railroad near Norton, Mo. Six were killed outright, four died on a train conveying them to Kansas City and six died at a hospital in this city.

The dead are:

Daniel McAnna, Slater, Mo., conductor of freight train.

P. J. Anderson, Slater, Mo., engineer of freight train.

Frank Briggs, engineer of passenger train.

L. S. Rogers, Chicago, express messenger.

Mrs. Gilman of Goodland, Ind.

D. W. Hooker of Syracuse, N. Y., died on the train.

Mrs. C. W. Snyder of Jasper, N. Y., died on train.

G. L. Roy of Wilmington, Ills., died on train.

Sydney Jones of Kansas City, died in St. Joseph hospital.

D. Donnelly of Mexico, Mo., fireman of the freight train, died at the University hospital.

Mrs. R. J. Curtis of Genesee, N. Y., died at University hospital.

Mrs. Dickson of Wilmington, Ills., died at University hospital.

Miss Lulu Reid, 25 years of age, Kentland, Ind.

The passenger train consisted of an engine, combination baggage and express car, tourist diner and smoker, chair car, tourist sleeper, one Pullman sleeper and observation Pullman arranged in the order named.

When the crash came the smoker-diner telescoped, turned to one side and went by the baggage-express car and the engine and down an embankment. But few in this car were injured. The greatest number of victims were in the tourist sleeper. This telescoped and fell on top of the engine. The passengers were horribly burned and scalded by escaping steam. The chair car piled up close by. The Pullman sleeper and observation car remained on the track and the occupants escaped with a slight shaking up. The tourist sleeper and the chair car soon caught fire and was completely burned. The baggage car was completely wrecked and the freight cars were piled upon both engines.

Goes Through a Bridge.

Springfield, Pa., July 11.—A freight train on the Nickel Plate road went through a bridge carrying with it the entire train with crew and a gang of workmen. P. A. Moore, conductor, and William Griffith, engineer, were instantly killed. Seventeen men who were at work on the bridge were also carried down in the wreck and many believed to be buried underneath it.

Bank Standing the Run.

Cleveland, July 11.—The run on the

United Banking and Savings company

here which began Wednesday continues.

The bank kept doors open nearly all

Wednesday night in order to permit

anxious depositors to withdraw their

money. Early this morning 200 men

and women were lined up in front of

the institution. All demands were

promptly met and officials of the bank

declared they are prepared for any

emergency.

TIDE WAS HIGH.

Some Uneasiness Existed at Galveston, but All Danger Is Over.

Galveston, July 11.—Two hundred dollars will more than cover the damage occasioned by wind and water from Tuesday night's storm. Four small houses were floated from their foundations and overturned. The tide was six feet, which was the highest tide since 1886, with the exception of the storm of last September.

The tide was high last night, but nothing like as high as that of Tuesday night. People living on the beach district left their homes, but have returned as all danger is past.

Damage at Port Lavaca.

Port Lavaca, Tex., July 11.—A stiff gale from the gulf blew here Tuesday and Tuesday night, and the wind increased in velocity until the water rose eight feet in Lavaca bay. The bath houses and saloon attachments to the pavilion on the bay were washed away, but the main structure stands. Several fishing vessels were driven ashore and badly damaged and many small crafts were driven and smashed. Several private bath houses over the water were also washed away. There was no harm to crops. The bluff here is 20 feet above the water and no harm was done to houses on the water front.

Port Lavaca Not Wrecked.

Victoria, Tex., July 11.—Reports of great damage and loss of life at Port Lavaca are without foundation. There was a hard wind and high tide which caused damage to small crafts in the harbor and the wharves. The damage will not exceed \$2500. No lives were lost and only a few persons hurt, none seriously.

Entangled in the Seine.

Paris, Tex., July 11.—John Knox, a blacksmith at Woodlawn, Red River county, found a watery grave at Oaks Ferry. He and three or four other men went to the river seining. In dragging the seine he got in a swift current and became entangled in the meshes. One of the cords of the seine caught on a button in his shirt front and dragged was off his feet. His feet became entangled and he was drowned before he could be extricated. Two others of the party, a white man and a negro, became entangled in trying to rescue him and had a narrow escape themselves from drowning.

Sun Exploded the Cartridges.

Waco, Tex., July 11.—Deputy Sheriff Ernest Reed placed a supply of 45-caliber cartridges in his saddle bags and tied his horse to a post in front of the courthouse. Suddenly several of the cartridges exploded, tearing a hole in the saddlebag and causing much alarm on the sidewalk. The horse was not injured and being a well trained animal did not take fright. The theory was advanced that the heat of the sun blazing down upon the leather caused the explosion. It was a puzzling occurrence and much talked of on the streets.

Rice May Resign.

Austin, July 11.—It is understood that J. S. Rice, superintendent of penitentiaries, will resign his position to attend to private business. Mr. Rice owns a saw mill and extensive timber lands which are optioned to the new Kirby Lumber company, and if the sale is made Mr. Rice will resign.

Shooting in a Barber Shop.

Hillsboro, Tex., July 11.—In a shooting affray in a barber shop Wednesday, Kid Bayes, a barber, was shot through the neck and shoulder. Five or six shots were fired. Only one shot found its mark. Complaints were filed against Kid Bayes and D. Haley.

Challenges His Title.

Austin, July 11.—The sixth suit to recover land in Webb county has been filed by Attorney General Bell. It was against Tuan Vila Cuellar et al., trespass to try title and cancel patent to 8856 acres claimed by virtue of an old Spanish grant. This is the last of the Webb county suits.

Officer Burney Dead.

Paris, Tex., July 11.—Cub Burney, deputy sheriff of Kiamanita county, Choctaw Nation, who was dismembered at Grant last night in a difficulty growing out of an arrest at a Fourth of July barbecue at Goodland, died here at the city hospital. The alleged slayer has not yet been arrested.

Contracted for Oil Steamers.

Philadelphia, July 11.—The independent oil producers of Texas, headed by James M. Guffey, have contracted with the Neafie & Levy Ship and Engine Building company of this city for the construction of two steel bulk oil steamers to carry their product from Sabine Pass to any part of the world. The vessels are to be 800,000 gallons carrying capacity each.

Goes Through a Bridge.

Cincinnati, July 11.—A freight train on the Nickel Plate road went through a bridge carrying with it the entire train with crew and a gang of workmen. P. A. Moore, conductor, and William Griffith, engineer, were instantly killed. Seventeen men who were at work on the bridge were also carried down in the wreck and many believed to be buried underneath it.

Evans Will Not Succeed Dawes.

Knoxville, July 11.—A Journal and Tribune special from its Washington correspondent tells of an interview with the Honorable H. Clay Evans, commissioner of pensions, in which Mr. Evans denied the story that he would succeed Mr. Dawes as comptroller of the currency.

Fire at Joshua.

Joshua, Tex., July 11.—Fire which started in the Masonic Hall early Wednesday morning destroyed every business house in town. The loss will reach \$28,000.
